Rhiana (Riri) Bhutani

Objective

My objective is to make a good living for myself with whatever I do, whether that is CSE, or any other elective I choose.

Education

I am a sophomore student at Dublin High School, where I have been enrolled for the past two years. This year, I embarked on my journey into Computer Science Education (CSE). I aspire to further my education at institutions such as the University of Southern California (USC), the University of California, Santa Barbara (UCSB), or the Berklee School of Music in Michigan. While my passion lies in music, I am also keen on integrating coding into music production. My goal is to excel in coding and utilize it to enhance my music production capabilities.

Work/Volunteer Experience

I am currently volunteering for my dance classes. Volunteering has provided me with a new perspective on not only how to collaborate with others but also how to lead a group. It has enabled me to discover new ways of thinking and navigate through challenging obstacles. This experience has contributed significantly to enhancing my confidence and improving my communication skills.

Skills

I am recognized for my strong determination and perseverance in my work. I am committed to overcoming challenges and strive for success in all endeavors. Colleagues have observed my ability to quickly grasp new concepts and efficiently manage my time. I prioritize tasks effectively, ensuring that all work is completed by the end of each day.
